

Explore downtown Adrian and enjoy a variety of sculptures in a new outdoor art program, Adrian Art Discovery!

Ten new sculptures will be on display around downtown Adrian, in addition to the six already in place. Enjoy a walk through the downtown parks and places as you experience each sculpture. The sculptures will be on display from May of 2012 through April of 2013.

Funding for the displays was made possible through the Maurice and Dorothy Stubnitz Foundation, the Fee Estate Trust Fund and supported by the Adrian Public Library, Adrian Parks & Recreation and the Adrian Downtown Development Authority. This exhibit is part of the Midwest Sculpture Initiative, an effort designed and administered by Ken Thompson of Flatlanders in Blissfield.

Besides bringing beauty and interest to Adrian's downtown, the new sculptures are for sale, and a portion of each sale will go toward funding future sculpture exhibits.

For more information on the exhibit please visit the City of Adrian website: www.ci.adrian.mi.us or www.msisculpture.com

adrian Art Discovery an outdoor art exhibit

135 E. Maumee St.
